

# Pediatrics Telehealth Visits Open

Call (978) 635-8914 to make an appointment today. . . . .

**Acton Medical Associates** has created new workflow processes to ensure that we are accessible, via telehealth, for patient needs regarding COVID-19, as well as ***non-coronavirus healthcare services***.

Our providers are available for a wide variety of telehealth visits such as sleep concerns, skin conditions, acne, headaches, mental health, allergies, and more. Telehealth appointments are easily scheduled with our staff, through the usual appointment process.

Our dedication to providing high quality healthcare for all patient needs remains stronger than ever.

We look forward to upcoming telehealth visits for these services and more, call for an appointment today:
